WHO WE ARE

Genius Engineering and Service Co., Ltd. (GEN) we are established since 2013. We provide maintenance service for electrical equipment in power generating plants with capacity rating from 2 – 230 Megawatt, petrochemical and industry plants. Our service is offered for various equipment such as generator, exciter, motor, power transformer, switchyard, GIS, medium voltage switchgear, MCC, protection relay, AVR, current transformer, potential transformer, surge arrester, capacitor bank, voltage regulator, battery charger, station battery, power cable and grounding system as well as repairing and modification. In addition, our team is performed with high safety, high quality and high environmental concern.

SCOPE OF SERVICES

Our team is composed of experts who had worked for Electricity Generating Authority of Thailand (EGAT) and international / local company over 15 years. We have provided maintenance service for well-known power generating plants, petrochemical plants, industry plants, biomass plants, Independent Power Producer (IPP) and Small Power Producer (SPP).

Power Plants Petrochemical/Industry Plants Foreign Customers - GPSC Group - PTT Asahi - Philippine - PTT (PUBLIC) - Myanmar - Glow Group - Gulf Power Group - PTT Glycol - Brunei - BGRIMM / Amata Power - PTT HMC Polymer - Vietnam - PTT Global Synergy Power - PTT Phenol - Bangkok Cogeneration - PTT Global Chemical - Carpet International (Thailand) - SCG Thai Polyethylene - Elite Kraft Paper factory - SCG Thai Polypropylene - Thai Oil (Utility & IP) - Siam Yama Moto Still - Tri Energy - Laem Chabang Power **Biomass Plants Service Company** - Saha Cogeneration - Bioenergy sugar factory group - ABB - Rojana Cogeneration Power - NPS/AA - Siemens - NPS/AA - Fieldcore (GE) - ETC. - PTT ME - Ethos

Customer's satisfaction and trust are our concern therefore our service is performed by expertise with modern and high standard instrument tester.

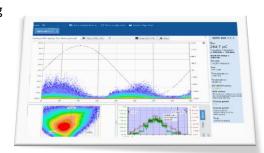

OPERATION GUIDELINE

Special Electrical Service

- On-line and Off-line PD on generator, motor, cable etc.
- Frequency resonance (Bump) test on generator stator winding
- ELCID test on generator stator core
- High Potential Test (HIPOT)
- Recurrent Surge Oscillograph (RSO) on rotor field winding
- Protective relay testing
- Automatic Voltage Regulator (AVR) testing
- Battery load test
- Stator wedge tightness tapping and mapping
- Replace stator wedge
- Repair Partial Discharge (PD) on generator / motor winding

Generator (Stator & Rotor) & Exciter

- Visual inspection: to find corona disorder, insulation discoloration, cracks, spacer block damage, laminate sheet of stator and rotor core damage, flexible lead and terminal bus bar problem, and checking tightness of through bolt and Footing bolt as well as for Stator-Rotor slot wedge, including solving each problem with proper and qualified spare parts and methods
- Electrical test: to detect any disorder by electric used method namely

STATOR

- o Electromagnetic Core Imperfection Detection ELCID test
- Stator wedge tightness test and mapping
- Offline Partial Discharge test
- Insulation resistance and polarization index test
- Insulation power factor test
- Winding resistance measurement
- Winding impedance measurement
- Winding capacitance measurement

ROTOR

- Insulation resistance and polarization index test
- o Pole balance test
- Winding resistance measurement
- o Winding impedance measurement
- Winding capacitance measurement
- Recurrent Surge Oscillograph (RSO)

Power Transformer

- Insulation resistance and polarization index test
- Insulation power factor test
- Turn Ratio
- Winding resistance measurement
- Winding impedance measurement
- Exciting current test
- Dielectric breakdown

Current Transformer

- Visual Inspection, Clean
- Insulation resistance test
- Resistance test
- Turn ratio test
- Exciting current test
- Loop circuit

Power Circuit breaker

- Visual Inspection, Clean
- Insulation resistance test
- Insulation power factor test
- Contact resistance test
- Timing test
- Function test

LV/MV Circuit Breaker

- Visual Inspection, Clean
- Insulation Resistance Test
- Trip Unit Trip Test
- Contact Resistance Test
- Function test

Potential Transformer

- Visual Inspection, Clean
- Insulation resistance test
- Resistance test
- Turn ratio test
- Insulation power factor test
- Loop circuit

Surge Arrester, Surge Capacitor

- Visual Inspection, Clean
- Insulation resistance test
- Insulation power factor test
- Capacitance Measurement

•	Electrical test STG-20 at AMATA B Grimm Power	Feb 2022
•	Electrical test STG-23 at AMATA B Grimm Power	Feb 2022
•	Inspection and electrical test of Aux Transformer at SIPCO	Apr 2022
•	Remove and clean MV Cell at Bang pain COGENERATION GT-1	Jun 2022
•	ELCID Test Generator 11kV 154.8MVA at GPSC CFB3	Feb 2023
•	Off-line PD test Generator 11kV 154.8MVA at GPSC CFB3	Feb 2023
•	HIPOT test Generator 11kV 154.8MVA at GPSC CFB3	Feb 2023
•	Major Overhaul Steam Turbine Generator at NPS/NPP4	Mar 2023
•	Electrical test Gas Turbine Generator at IRPC GT14	Mar 2023
•	Electrical test Gas Turbine Generator at IRPC GT11	Mar 2023
•	Minor Inspection Steam Turbine Generator at PTT GC	Mar 2023
•	Repair Partial Discharge (PD) Gas Turbine Generator GPSC Glow 11	Apr 2023
•	Electrical test on Power Cable at Ratchaburi Power Plant	Apr 2023

These tests are conducted by engineer and skill technician with high experience in electrical maintenance service to create trust to customers. Our test instrument comes from well-known brand which high reliable and high accuracy.

TOOLS AND EQUIPMENT

Electromagnetic Core Imperfection Detection (ELCID)

Partial Discharge Tester

Generator/Motor Stator Wedge Tightness Tester

Frequency Resonance / Bump Tester

Recurrent Surge Oscillograph (RSO)

Multi Injection Tester OMICRON CPC-100

Insulation Power Factor Tester CP TD1

Compensating Reactor OMICRON CR-500

Insulation Resistance Tester

Insulation Resistance Tester

EGIL Circuit Breaker Analyzer

Battery Load Tester

Micro-Ohms Meter

Borescope Camera

High Potential Tester (HIPOT)

Earth Tester

Oil Breakdown Tester

LCR Meter

Variable Auto Transformer 0-500 V

CT/PT Ratio Analyzer

Multimeter Fluke 287

Flux Meter

Power Quality Meter

Infrared Thermo Meter

Temperature Calibrator

Recorder

Voltage Tester
